
Cosmology — Problem Set 12 — The Time Evolution of the Universe

Due Thursday, April 27, beginning of class

Problem 1 — TWB Chapter 15, Query 6, Parts A-C only

Do Parts A through C only of Query 6 on p. 15-17. We did Part A in class, but these are important special cases, so I am having you A again as well as Parts B and C (but not Part D).

Problem 2 — TWB Chapter 15, Query 7

Do Query 7 on p. 15-19. We did this in class, but it is a critical result and so I am having you write it out.
